

Creating a Menu in Microsoft Publisher

1. Go to the *Options* list and select **Publications for Print**.

2. Select **Menu** and choose from the menu options.

3. Click on a text box and enter your text.

4. Switch pages by selecting the page number at the bottom of the screen.

5. Delete any text areas or pictures that you don't need by right-clicking the object and selecting **Delete Object**.
