

Why did you decide to take French?

Why is it important to learn a foreign language?

Why are French language programs disappearing?

What are the language requirements for European students?

Over the next week you will explore the reasons and benefits of learning a second language. At RBR we would like to see the foreign language and French program expand. To do this we need to convince the middle schools of Shrewsbury, Red Bank and Little Silver that learning a foreign language is worthwhile. You will create two “Top 10 lists”. The first will be reasons and benefits of learning a second language. The second will be reasons and benefits of studying French.
