

PROJECT NASA

Good News! NASA has developed the technology to visit the past. You will be able to be transported back to either Greece or Rome for only 10 minutes. In those 10 minutes you will give a persuasive speech that will convince them to alter specific actions or thoughts that will lead to a roadblock for them. You will be able to bring one or two classmates with you and a laptop. You will also be protected from any punishment by their law...since you will only be there for 10 minutes!

	Novice	Apprentice	Practitioner	Expert
Roadblock outline	Connector Map containing all info.	Connector map containing all info. <4 supporting facts.	Connector Map containing all roadblock info. 4-5 supporting facts.	Contains all practitioner and has a visual for the roadblock.
Mission statement	2 sentences that state where you are going and why you are going there.	3-4 sentence paragraph that states purpose of trip -where? -why? -goal?	5-6 sentence paragraph that states purpose of trip: -where? -why? -goal?	Meets practitioner and states what may change today if the goal is reached.
Persuasive speech	Logical argument -states main idea -<3 supporting facts	Logical argument -states main idea -3-4 supporting facts -Gives a clear solution -Includes some opinion.	Logical argument -states main idea -states 5 supporting facts. -Gives audience a clear solution -speaker takes a firm stand without including an opinion.	Meets practitioner and uses graphic/visual to illustrate the argument.
