CONSULTATIVE PROFESSIONAL DEVELOPMENT

Developing custom solutions to achieve your goals; providing engaging, transformational professional learning

PROBLEM-BASED CURRICULUM DEVELOPMENT

Transformational, standards-based curriculum to put students in charge of their own learning

Let's Help Students Change The World.

IDE
INNOVATIVE DESIGNS FOR EDUCATION

- Developed the content on Culturally Responsive-Sustaining Education for New York State’s “Teaching in Remote Learning” project during the pandemic
- Trained and coached all teachers in a FL Title 1 school to run *Learner-Active, Technology-Infused Classrooms* (LATIC), producing significant achievement gains and increasing Gallup scores in engagement and hope
- Redesigned an urban NJ school district’s comprehensive high schools into career academies, resulting in achievement gains and awards
- During the COVID pandemic, developed an instructional guide for hybrid teaching for schools
- Developed online “Upskilling” course for high school graduates to prepare for work in the offshore wind energy industry

A Culture of Professional Learning

Online, on-demand, self-paced learning resources for the faculty!

“ I liked how it was self-paced; it allowed me to truly reflect on how I could apply each item to my classroom and practice. ”

It’s hard to have enough PD time, yet ...

- Schools are filled with relatively new teachers, and ...
- Students’ needs are at an all-time high ...
- From cognitive levels to executive function to ELLs to mental health, and more.

learn.edquiddity.com

- Identify a focus for your district or school;
- Enroll every teacher and administrator (2 yrs access for \$99/person – high-volume pricing available);
- Engage with resources at faculty/department/grade-level meetings, PD days, PLCs, post-observation conferences, and more.

Executive Function: The Pathway to Student Achievement

The Equity Lens: Reflecting On Your Learning Environment

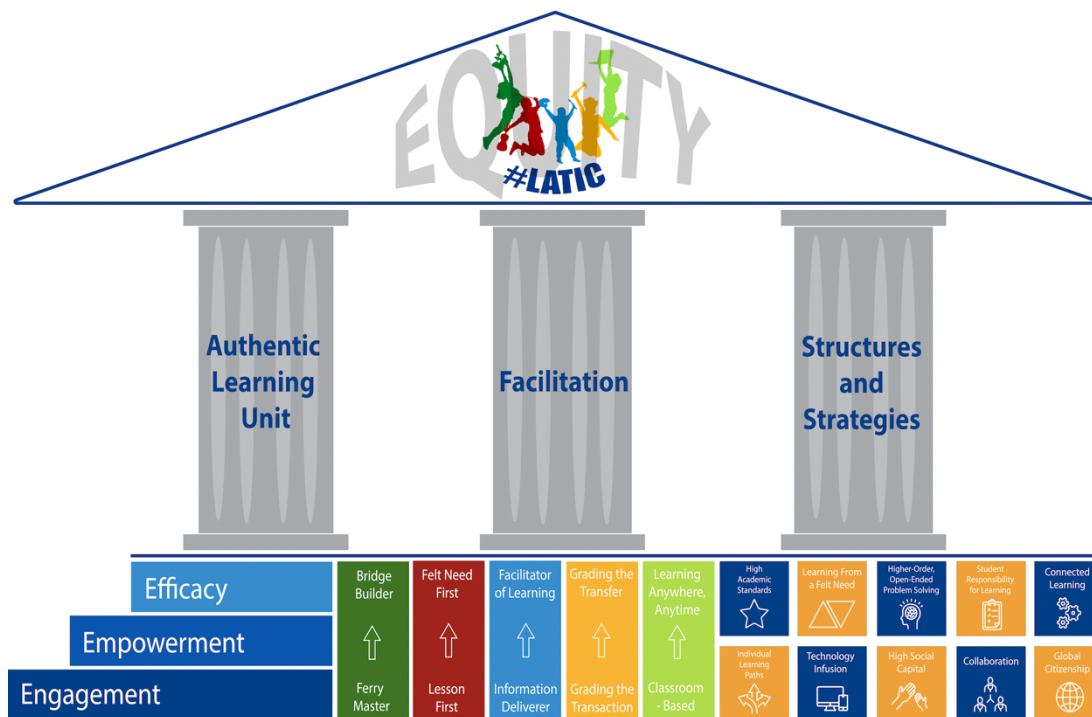

Classrooms That Work

" We have to get back to LATIC; that's when our test scores were the best."

*The Learner-Active,
Technology-Infused Classroom*

- Building student engagement, empowerment, and efficacy
- A history of achievement gains
- Works in conjunction with your curriculum
- Powerful, comprehensive classroom-design to address all students' needs

Transformational Curriculum

“ IDE created an innovative, customized curriculum and personalized the teachers’ learning experience.”

- Driving shifts in teaching-learning practices
- Extended-year programs and PK-12+
- Anchored in students solving real-world problems that require curricular skills
- PBL tasks, rubrics, activity lists, teacher materials, and state-aligned curriculum guide
- ELL-ready
- Incorporates parent & community engagement

But here's something to think about: Did you know that what you post on social media could affect you later on? That's right! It can impact your social, academic, and professional life years after you post something online. Some employers check social media before hiring someone, and if they see something they don't like, it could hurt your chances.
