	Strategies for Teachers' Aides to Support the Learning Environment As a teacher's aide, you play a vital role in supporting students' growth and teachers' success by fostering collaboration and addressing diverse learning needs. This course will explore your responsibilities, including supporting diverse needs, cultural responsiveness, and students with IEPs and 504 plans.
	Using Formative Assessment to Drive Instruction Explore the structures and strategies you can use to gather formative assessment data to drive instruction targeted for increased student achievement. Design formative assessments for use with your students that can be used anytime. Participants in this course will use Dr. Nancy Sulla's book <i>Reinventing the Classroom Experience</i> as a resource. The assigned book must be purchased in advance.
	Prioritizing Social and Emotional Learning Participants will develop strategies to promote self-awareness, self-management, social awareness, relationship skills, and responsible decision-making skills in a student-driven learning environment. Participants in this course will use Dr. Nancy Sulla's book <i>Reinventing the Classroom Experience</i> as a resource. The assigned book must be purchased in advance.
	Building Executive Function to Support Student Success Participants will explore how executive function supports the critical life skills of conscious control, engagement, collaboration, empowerment, efficacy, and leadership. Participants in this course will use Dr. Nancy Sulla's book <i>Building Executive Function: The Missing Link to Student Achievement</i> as a resource. The assigned book must be purchased in advance.
	Leveraging AI in Your Classroom Use AI tools to design rubrics, protocols, and instructional activities. Generate higher-order questions in real time and draft lesson and video talking points. Apply AI as an instructional design partner to personalize learning and meet individual student needs.
