	Developing Your Leadership Mindset In this course, you'll explore your role as a teacher leader and future administrator through the <i>Ten Mindsets of Transformational Leadership</i>. You'll choose a focus area — students, colleagues, or a team — to develop leadership in others while gaining tools and insights to take action as a transformational leader. Participants in this course will use <i>Students Taking Charge: Implementation Guide for Leaders</i> by Dr. Nancy Sulla, Tanya Bosco, and Julie Marks as a resource. The assigned book must be purchased in advance.
	Leveraging AI in Your Classroom “Work smarter, not harder!” AI tools give us the power to do just that. The possibilities are endless! Explore the opportunities for using AI-driven tools to design rubrics, protocols, instructional activities, and more! Also, generate higher-order questions in the moment while engaging with your class and write your talking points for lessons and videos. Discover the nuances of using AI as your instructional design assistant and power partner in the classroom to meet individual student needs through personalized learning.
	Structures and Strategies to Support Individualized Learning This course will help you rethink instruction to prioritize differentiation and scaffolds that meet the needs of all learners. Participants will deconstruct their curriculum to identify and teach to the power standards in ways that build foundational standards in the process. Participants in this course will use Dr. Nancy Sulla's book <i>Reinventing the Classroom Experience</i> as a resource. The assigned book must be purchased in advance.
	Building Executive Function to Support Student Success Participants will explore six key life skill areas uniquely supported by executive function and design instructional plans to build these critical achievement prerequisites in all learners intentionally. Participants in this course will use Dr. Nancy Sulla's book <i>Building Executive Function: The Missing Link to Student Achievement</i> as a resource. The assigned book must be purchased in advance.
	Strategies for Supporting ELLs How can teachers support ELLs in their classrooms? Participants will explore 7 Essential Elements for ELL Support: physical space, scaffolding, resources, explicit language instruction, facilitation, emotional wellness, and social engagement. They will learn actionable strategies to help students and teachers thrive. Strategies will be tailored to each participant's grade level and subject area.
