

We partner with you to implement practical, research-informed practices that shift the way educators, students, and parents think of school! We focus on student engagement and empowerment in equitable learning environments to build academic resilience, social and emotional learning (SEL), and, ultimately, efficacy.

**Let's Help
Students
Change
The World.**

IDE Corp. – We ARE Innovative Designs for Education!

- Customized Professional Development
- Innovative curriculum design
- Leadership development
- Six books on instructional innovation

Key Topic: Learning Acceleration & Mitigation

Goal: Make Up for Losses Caused by COVID-Related School Closures

It's not about dropping parts of the curriculum; it's about increasing engagement and connecting learning to a real-world context through "power standards" and student-driven learning.

- Teaching through power standards: Which standards drive mastery of other standards?
- Engaging students through 5 Ps of PBL: How do you increase motivation to fuel learning?
- Ensuring access for all to differentiated opportunities to learn: How do you ensure equity so that all students have access to meaningful opportunities to learn?
- Prioritizing structures to build executive function: How do you accelerate learning by building skills that are foundational to learning while addressing the content itself?
- Maximizing teachers' time for learning facilitation: How can teachers shift from information dissemination to become facilitators of personalized learning?

Learning Opportunities

- Keynote presentation with Dr. Nancy Sulla
- Customized on-site or remote workshops: 4- to 8-day experiences
- Ongoing live (on-site or remote) and asynchronous coaching
- Leadership workshops and coaching for leading and classroom observations
