

Teacher Directions: Add today’s skill before handing out the Focus Card. It may be a class skill or an individual skill. When you stop for a check-in, have students circle the time of day — morning or afternoon — in the first column, and circle the face in the column that matches how they are working at that time. Then, remind them of their goal and that they get another chance to reflect!

_____’s Focus Card

Today’s Skill:

| Time | I’m not doing my best. | I’m doing okay. | I’m impressing myself! |
