

Providing Educators with a Virtual Support Center

Designing Instruction for Learning Anywhere, Anytime

IDE Corp. is taking a fresh look at how to provide job-embedded professional development for remote/hybrid instruction: **Virtual Support Center (VSC) for Educators**

We offer you a customized website to offer teachers and leadership team members remote support for the school year, including:

- A dedicated team of consultants assigned to your account
- One-hour PD sessions on designated days to accommodate up to 25 teachers per session
- Designated times for educators to work with a consultant individually or in small groups via videoconferencing

- An annual subscription to [MyQPortal](#) (our online instructional planning resource) with consultants posting links that are most relevant to the school or district's current needs and initiatives
- An area for educators to post questions and requests so that the consultants can provide solutions
- An asynchronous chat area with several topics relevant to the school or district so that educators and consultants can post comments any time
- Live discussion gatherings hosted by IDE Corp. for all clients who wish to attend
- Quarterly webinars with Dr. Nancy Sulla
- Optional 7:00AM-7:00PM "help desk" feature

Contact us for Pricing

This is an annual subscription service invoiced monthly to include all of the above services, with the optional "help desk" add-on. Subscriptions are designed for organizations based on a recommended number of designated days for consultants to engage with participants throughout the day. *We will configure a subscription to meet your needs.* Contact us at solutions@idecorp.com.

#DoSomethingDifferent

Let's Talk!

Contact Nicole Koch, IDE's Director of Client Relations and EdQuiddity's President, to brainstorm ideas at: nkoch@idecorp.com. We are happy to offer suggestions whether or not you decide to partner with us. Just let us know if you want to connect via:

- Phone (give us your phone number and a good time to call)
- Videoconference (give us a good time to connect and we'll send you a link)
