1. We’ll help you decide the best configuration of workshops to offer to meet your needs; then we’ll provide a sample flyer for revision and distribution.
2. We’ll provide workshop participants with actionable items they can implement during the school year and have them develop a personal plan of action.
3. We’ll provide you with a summary of each workshop, the actionable strategies offered, a list of those in attendance, and a certification of completion for each.

Invest in next year’s results with the one-day challenge!
