

Strategies for Maximizing Student Achievement

an online, on-demand Professional Learning Experience — learn.edquiddity.com

Provide your educators with a variety of structures and strategies that can be implemented in any learning environment to maximize student achievement.

Modules:

1. Getting Started
2. The 5 Types of Instructional Activities
3. The Role of Executive Function and Social and Emotional Learning
4. Classroom Management
5. The 7 Lenses of Instructional Equity
6. Planning for Paired and Small-Group Instruction
7. The 6 Ps of PBL
8. Structures to Build Student Agency
9. The 7 Essential Elements for ELL Support
10. Facilitating Learning
11. Deconstructing Whole-Group Instruction
12. The 5 Types of Videos
13. From Assessment to Achievement
14. Next Steps

Here's How It Works:

- Enroll every teacher and administrator in the school/district in our online, on-demand Professional Learning Experience (PLE)
- \$99 per user for 2 years' access*
- 25–30 hours of content engagement, including videos, e-texts, examples, insights, self-assessments, reflections, mindful moments, and more
- Use for individual PL, faculty meetings, staff-development days, PLCs, or other collaborative sessions
- Use as a resource for teachers' post-observation conferences; we can align the PLE with your teacher evaluation framework
- To explore this and all of our PLEs, go to learn.edquiddity.com

*High-volume pricing available when purchasing more than 500 seats.
